

## LAS LUCIERNAGAS

VALLE DE BRAVO

### DIRECTIONS:

If you're arriving by bus please contact us so that we can give you directions on how to arrive at Las Luciernagas. If you're driving from Mexico City there are three different roads you can take to get to Valle de Bravo. Please follow these instructions to take the right one to get to us:

Take the highway to Toluca which on entering Toluca becomes "Paseo Tollocan". Go along Tollocan until you start going up a bridge passing some enormous modern sculptures that look like giraffes on your right. Once up on that bridge you'll see a fork in the road, take it to the right. From there you'll pass 4 more bridges. Take the first exit to your right where there's a sign that reads> Tejupilco Volc'an XinentecatI. Go along this side lane to a Monument of Christopher Columbus "Cristobal Colon", and go round the roundabout (around the back of the monument to the left) onto "Avenida Colon". Go down Colon to another roundabout which has a fountain in the centre and turn right. That's the start of the road to Valle de Bravo called "Carretera a Valle por Los Saucos".

On arriving to the outskirts of Valle de Bravo you'll go past a gas station on your left and a little further ahead Hotel Rodavento. About 700mts ahead of Rodavento you'll see some signs on your right that read "Rancho Las Joyas" and "Rancho Marisco", take the next right after the signs. (If you go past a second gas station on your right it means you missed the turn). Follow that road and go right downhill at the first fork in the road and left at the second fork following the signs to "Rancho Marisco" and "Rancho Las Joyas". Go along the tracks to just before the entrance to Rancho Las Joyas and before the entrance to Rancho Marisco. "Las Luciernagas" is the last property on the left before getting to "Rancho Las Joyas" (aproximately 20mts before Rancho Las Joyas). It's got a wooden gate with a niche and a bell.
